BONANZA BINGO

10AM • NOON • 2PM • 6PM • 8PM • 10PM • MIDNIGHT

- 45 Balls will be drawn prior to the start of the 10AM, NOON, 2PM, 6PM, 8PM, 10PM & MIDNIGHT sessions and posted on the Bonanza Boards throughout the session. Jackpot starts at 48 numbers or less and goes up one number per week to 52 numbers or until won. **Consolation payoff is \$1,000 in 54 numbers or less after the progressive countdown, \$500 in 55 numbers and \$300 in 56 numbers or more. The last number called will determine the jackpot.**
- Money collected from Bonanza sales will be added to the progressive jackpot and made available to be won the following day beginning at the 10am session. When the jackpot is won during the session, the reserve jackpot will become the main jackpot for the next session. Money collected will be distributed to the main and reserve jackpot. Players will be playing for the posted jackpot amount and that amount must match the bingo records.
- Pink Bonanza 3-on strips are available at each selling window for \$1 each. Player must play at least one 3-on Bonanza Strip to be eligible to win unless posted otherwise. Strips cannot be separated and/or shared. Player must have played the session to be eligible to play the Bonanza Coverall.
- Bonanza strips can be purchased up to the start of the 6th game.
- Bonanza Bingo is completed as a coverall and is the 13th game of each session, unless posted otherwise.
- Payoff divided equally among all winners on any one game.
- The Gold Coast reserves the right to cancel or change this promotion at any time.

RULES

- It is the player's responsibility to stop the game by raising your paper in the air and calling out Bingo loud and clear, so the agents can see and hear you.
- Once the caller closes the game, no late winners will be honored.
- All payoffs are determined by the total number of winners per game divided into the value received for the card purchased.
- A ball is not official until called. Once the caller begins calling the letter of the next ball, the caller will continue and the ball becomes the last valid ball called.
- A minimum of one ball must be drawn and called in each game.
- Player does not have to have last ball called to be an eligible winner, unless posted otherwise.
- Players may buy-in at any session up to the start of the 6th game, including Bonanza.
- Any paper purchased including Bonanza, must be used at the session it was purchased in.
- To play Bonanza, player must have played the session in which Bonanza is being played.
- All players must be playing on the correct numbered page or color game sheet for their bingo to be valid.
- No splitting of packs allowed. Each player must be playing a minimum of one paper pack. Rainbow and Bonus Rainbow are considered as single packs.
- Ink daubers must be used in a manner through which the numbers can be readily seen.
- Flashboards are for the convenience of the players. Winning cards will be determined by the actual balls called.
- We do not knowingly sell duplicate papers. We cannot be responsible if this occasionally occurs due to manufacturing errors.
- All winners of \$1,200 or greater must be prepared to show picture I.D. and proof of social security number.
- Must be at least 21 years of age to play.
- Management reserves the right to make changes to the program as deemed necessary.
- As a courtesy to other players, please keep talking to a minimum while bingo is being called.
- All paper sales are final once the player leaves the window.
